

## *KISS Humanitarian Award-2010*

**His Excellency Rt. Hon'ble Sir Anerood Jugnauth**  
President, Republic of Mauritius

*Sir,*

*Very few individuals in this world have become legends in their lifetime. You have proved to be one such legend, for you have always remained a beacon of hope and aspiration for common people. Like Mahatma Gandhi, you had the courage to challenge a mighty Empire through your protest against the barbarous treatment of the people by the Empire on the question of leasing out Chagos Islands.*

*We salute you for your courage, we admire you for your concern for the common man. In recognition to your contribution to the society at large, in admiration to your declaration that you consider India as your mother and in commendation to your tireless effort in uniting the hearts and souls of Indians of Mauritius and India, the Management of KISS and KIIT unanimously resolve to confer on you the KISS Humanitarian Award-2010 on this day, 14th November, 2010.*

**Dr. Achyuta Samanta**
