Year in Review

2022-2023

Kalinga Institute of Social Sciences

Founder's Message

2022 has been a year of immense gratitude for KISS as the organisation earned new feathers in its cap! Over the last few years, KISS has worked hard to overcome the pandemic's challenges and successfully recalibrate their campuses. From embracing technology through virtual classrooms to adopting enhanced safety protocols to restart physical classes, our staff and leadership have worked around the clock to ensure that KISS.

This year, our Bhubaneswar campus has set a cap on the number of students to about 30,000, while our satellite centres at Kalahandi, Balangir and Baripada have started functioning with over 500 girl students at each school, and five more (Balasore, Keonjhar, Kandhamal, Maharashtra and Bangladesh) are on the verge of being functional soon. Meanwhile KISS Delhi is making its mark in terms of academic and co-curricular achievements in a short span of over a decade. The alumni of KISS, about 40,000 in number are well placed in life and profession.

The highlight of this year has undoubtedly been the conferral of the prestigious UNESCO King Sejong Literacy Prize 2022, on KISS, for our efforts at preserving indigenous languages. This is one of the top awards that any NGO working on Education can receive.

With inspiration from our work, innovation in our ways and passion to create an impact, we at KISS continue to march ahead, fully focused on academics, overall development, life skills, sports training, nutrition and exposure to the world.

Godpseed, KISS family!

DR ACHYUTA SAMANTA
FOUNDER, KIIT & KISS

Who are we?

Kalinga Institute of Social Sciences (KISS), Bhubaneswar, with a humble beginning in 1993 with 125 children, has become the largest residential institute for the tribals in the world, providing accommodation, food, healthcare, education from kindergarten to post-graduation, vocational training and all other basic amenities of life absolutely free of cost to over 30,000 indigenous youth.

Since inception, we have made concerted efforts towards inclusive education, women's empowerment, tribal upliftment and sustainable development. We have grown to become the world's largest residential education institution for tribal children. Our experience shows that, given access and opportunity, there is no limit to what indigenous communities can achieve. It is our lifelong mission to ensure that indigenous heritage is accorded due respect while empowering indigenous communities through spreading of awareness about tribal rights.

The Ministry of Human Resource Development (HRD), Govt. of India accorded KISS the Deemed University status on 25/08/2017, making it the first university in the entire world exclusively for tribal students. To promote research in areas such as tribal legal studies and tribal rights, tribal resource management, tribal culture and heritage, tribal languages, tribal medicine and tribal technology, and Indic studies, KISS has introduced seven new innovative areas in the first phase with the approval of UGC. KISS is unique in ensuring that all its students receive free residential education.

Our **Core Values**

Our aim is to break the vicious cycle of poverty and social isolation and to restore hope for a better future. We believe that every person has the right to access resources and opportunities in order to live and lead with dignity and to become an active and contributing member of our society.

Our vision is that no indigenous child should be deprived of formal education because of poverty.

Our mission is to empower 2 million indigenous children through quality education.

The KISS Model

Impact

#WEAREINDIGENOUS

For more than three decades, we have learned and grown alongside the indigenous community - directly and indirectly interacting with more than 150,000 individuals. Our experience shows that given access to equal opportunity, there is no limit to what indigenous students can achieve. Thus, it is our lifelong mission to ensure that we empower our indigenous communities by ensuring that everyone has equal access to opportunities.

FREE EDUCATION
FREE HEALTHCARE
FREE FOOD
FREE ACCOMMODATION

As an educational institution in a multicultural society, we understand the necessity of placing an emphasis on history, culture and language because it is no secret that when a student feels like they belong in an educational context, they perform better. We attempt to eradicate educational inequalities by providing equal opportunities that empower our students with the knowledge that they have both the responsibility and the right to be in India's best classrooms.

KISS Bhubaneswar was established in 1993 by Dr. Achyuta Samanta with only 125 children in a residential model school at Bhubaneswar and now, it is the largest fully free, fully residential educational institution for more than 80,000 (40,000 Existing, 30,000 Alumni and 10,000 at Satellite Centres) tribal youth. KISS provides holistic education from Class-I to Ph. D along with free lodging, boarding and health care facilities. Besides this, KISS imparts vocational training, life skills education and exposure to sports & athletics.

The students of KISS have qualified and sought admission at reputed national institutes such as IITs, NITs, IIMs and other organisations of international repute and they have also participated and achieved success at the Olympics, ASIAD, CommonWealth, South Asian Federation Games and many other prestigious Sports events at both national and international platforms.

KISS Deemed to be University

www.university.kiss.ac.in

In view of the outstanding contributions of KISS towards academics in teaching-learning, research, extension activities, sports and games; it has been declared a Deemed to be University Under Section 3 of the UGC Act, 1956 by the Ministry of Human Resource Development, Govt of India, New Delhi on the basis of the recommendation of the University Grants Commission, (UGC) New Delhi vide their notification No F.9-14/2011-U.3 (A) dated 25th August 2017.

This made KISS-DU the first university in the world exclusively for tribals providing fully free and fully residential education along with other facilities. Accordingly, the University has been functioning since the afore-mentioned date with all its U.G, P.G, M.Phil and Ph.D Programs. KISS-DU has been admitting students from Odisha and neighbouring states like Jharkhand, Assam, Mizoram, West-Bengal, Chhattisgarh etc.

It aims to raise its academia bar to new heights by focusing its teaching and research in 'unique and emerging areas of knowledge' related to specific innovative areas, which are not being pursued by any other institution in the world. Further, every year, the meritorious students of KISS are enrolled in KIIT Deemed to be University to pursue professional courses, i.e., B. Tech, MBA, MCA, Law, MBBS etc. fully free of cost.

Celebrating Five Glorious Years of KISS-DU

From a nascent baby to the world's largest learning hub for indigenous communities in the world, KISS has been preceded by so many milestones in its almost three-decade-long existence. The successful completion of five years of KISS Deemed to be University this August, is the latest feather in its cap. It is a remarkable feat for this one-of-a-kind institute that has been conceptualised to provide higher education exclusively to tribal students. Along the way, KISS-DU has recorded some significant milestones and achievements that have helped it reach where it is today. On 15 September, 2017, Hon'ble Prime Minister Narendra Modi congratulated KISS-DU for being granted the University status, marking the beginning of a successful journey for the institute.

Deemed-to-be University has made a name for itself in a short span of five years, having completed two convocations, and produced three batches of Ph.D. scholars. With the leadership of its visionary founder Dr Achyuta Samanta, and the guidance of a well-rounded team of academicians and professors, KISS-DU is expected to scale great heights in the years to come.

VISION

To build KISS DU as a premier institute of teaching, research, skill development and social entrepreneurship for youth from marginalised tribal communities as well as ensuring their cultural heritage and diversity

MISSION

To pursue academic excellence in innovative areas of studies pertaining to indigenous lie and culture.

To develop a creative and critical disposition among students towards their communities & the world

5 Highlights from 5 years of KISS-DU

01

KISS-DU inducted 23 distinguished academicians as Emeritus Professors who will guide students and mentors in innovative research.

KISS develops a Kuvi keyboard in 4 scripts with Motorola and Lenovo Foundation

KISS' language experts helped Motorola and Lenovo Foundation develop a keyboard for Kuvi in 4 different scripts - Kuvi-Odia, Kuvi-Devanagari, Kuvi-Telugu & Kuvi-Latin, which will benefit 1,55,000 speakers from the Kuvi community. With this association, KISS takes yet another step towards preserving and reviving the rich legacy, knowledge and linguistic wealth of tribal communities. "This is a commendable use of technology to create a truly inclusive world, where communities living on the fringes, integrate into the larger world of opportunities," said our Founder Dr Achyuta Samanta.
